

22 JULY 2017 | HANOI, VIETNAM

WORLD LUXURY SPA & RESTAURANT

Awards

The World Luxury Spa Awards and World Luxury Restaurant Awards will be honouring the luxury wellness and dining industries' dedication to service excellence, in style. Set to take place on 22 July 2017, this outstanding celebration will be hosted by the JW Marriott Hotel Hanoi, in Vietnam.

Awards on the night will be bestowed on spas and restaurants who excelled within their service delivery areas, be it the most luxurious beauty salons, the best garden spas or the ultimate in fine dining cuisine.

Voting for the 2017 award year took place between 21 April and 21 May during which over 150,000 votes were received collectively for over 1,000 entrants from happy customers across the globe, all placing their stamp of approval on their establishment of choice. "One of the most favourable ways to award service excellence is by allowing people to have their say, and hearing from the public is a popular manner in which to make a decision on where you will stay, spa or dine. An award of this stature signifies quality, service delivery and much sought after luxury. All of which have made our participants what they are today, winners in the luxury hospitality field." says Marna Lourens, Executive Manager for the World Luxury Spa Awards.

The evening promises to be a truly dazzling affair. Executive Chef Brendon Partridge has designed a sumptuous 6-course menu of the most delectable foods, showcasing some of the best products from Vietnam. Coupled with a wine pairing and fabulous local entertainment, guests are sure to be seduced from every sensory perception. The JW Marriott Hotel Hanoi signifies all things luxury. The hotel itself is renowned for its expressive exterior design, elegant interior, it's incredible spa and restaurants and dedication towards authentic JW Marriott service. "We are excited to welcome all our participants to this extravagant establishment to receive their honour on stage and to join us for a superb evening of fine foods and wines with some top class entertainment." says an enthusiastic Linda Cooper, Executive Manager for the World Luxury Restaurant Awards.

The World Luxury Awards team looks forward to welcoming these fine establishments on 22 July to this glamorous gala event and more so to providing them with their recognition for the inspiring excellence they provide to the luxury spa and restaurant industries.
