# RAA ATOLL

---

Reef Fish Fishing Area

Yellowfin Tuna Fishing Area

---

In our menu, we carefully select the freshest fish from Raa Atoll fish dhonis.

The reef fish used for sushi and sashimi comes from Dhuvaafaru Island fishermen, south of Raa Atoll.

Yellowfin tuna fishing takes place 60 miles away from the atoll and is done by Ungoofaaru Island fishermen.

We do not serve bluefin tuna as we commit to support the Maldives in conserving endangered species.
